**HMG Hospitality to Manage the Ontario Gateway Hotel  
Ontario, CA**

**San Diego, CA** – San Diego-based HMG Hospitality has been selected as the new hotel management company for the Ontario Gateway Hotel. The full service hotel in Ontario, California was previously the Radisson Hotel Ontario Airport. HMG Hospitality will manage the property as an independent hotel before converting it to Delta by Marriott at the end of 2018.

Jack Giacomini, Chairman and CEO of HMG Hospitality, states, "This hotel fits our experience of resurrecting distressed hotels into winning, profitable assets."

According to Vice President of Full Service Hotels, Emad Alwer, "We are excited for this new opportunity with the Ontario Gateway Hotel. With the knowledge and strategic management of HMG Hospitality, the new property will be positioned to drive revenue and increase cash flow."

The hotel features 299 guest rooms and 21,000 square feet of meeting space with a full service restaurant and bar. Ontario Gateway Hotel is located one block from Ontario International Airport and adjacent to the Ontario Convention Center. HMG Hospitality will oversee the \$12,000,000 renovation and transformation to Delta by Marriott.

**About HMG Hospitality**

Based in San Diego, HMG Hospitality evaluates and improves a diverse portfolio of properties to maximize their share in the market and their attractiveness outside of that region. Their core strategies place an emphasis in operating efficiency and customer satisfaction. HMG's dedicated leaders hold over 100 years of combined experience. HMG Hospitality helps hotels achieve long-term, sustainable success through environmentally responsible business practices, an optimized web presence, unbeatable marketing strategies, and superior investment management.
